Grant summary:

The project “Listen. Help. Respect.” implemented by the Union of Social Workers of Kosovo (UPSK) in partnership with the Jelena Anžajska Foundation (FJA), aims to improve the quality of psychosocial support for older people (65+) in the Municipality of Zubin Potok through a structured, community-based approach with guaranteed quality standards. Through the engagement and training of volunteers to provide regular and standardized visits, the project addresses social isolation and the specific needs of this age group, contributing to increasing their well-being and strengthening social inclusion in the community.
