Grant summary:

The Youth Decide! project aims to empower young people to actively participate in decision-making processes at the municipal level. Through the organization of the Local Democracy School, young people will gain knowledge about the functioning of local government, decision-making processes and budgeting at the local level, thereby strengthening their capacities for civic participation and engagement in public affairs. The project will culminate in the development and implementation of an advocacy campaign led by young volunteers, which will address a concrete problem identified within their community. Through this campaign, young people will apply the knowledge gained in practice, contributing to the improvement of the community and strengthening the culture of civic participation and local democracy.
